?????????????,????????????????,??????????????,????????????????????,????????,??????????????,????????????????????,????????????????????,????????????????????,????????,??????,??????,??????,???????In order to pursue the goal of realizing the contractual legal system, its required to conduct systematic research on contractual precedents in addition to continuous improvement of related regulations in the system level and continuous perfection of the judicial system in the judicial level. The theory is gray and the tree of life is evergreen, each contractual case is the true reflection of real life, showing the position, wealth and even personality of the parties involved, as well as the practical economic environment and judicial environment of China. Therefore, the study of the contractual case is necessary and required, and is also abstract and concrete for both the researchers and learners.
