

## Beautiful Words

An epic chronicle of the refugee experience, *Beautiful Words* weaves together three very different stories of survival, told through the eyes of three children in different times and places. The outcome is heart-rending, humorous, and surprising by turns. From the horrors of Auschwitz Concentration Camp in the final days of World War II, to Taliban-ruled Kabul, to present day Australia, this enthralling play presents a rich tapestry of human experience, overlapping lives, and the bonds that unite generations.
