

Stand Up Math: 180 Fun and Challenging Problems for Kids! (Level 2)

One hundred and eighty word problems about interesting facts and everyday situations show kids how math applies to their daily lives! Kids will find the length of a day on Jupiter, measure earthquakes on the Richter scale, and figure out how much pizza their money will buy. Answers included. Each is spiralbound and stands on a handy easel. Level 2, Genius/Grades 4-6
