

Berlingieri on Arrest of Ships (Lloyds Shipping Law Library)

This book is an invaluable source of information about the claims in respect of which a ship may be arrested in the various maritime countries of the world, the conditions for obtaining an order of arrest, the need, if any, for a security, the manner by which the ship that has been arrested may be released, the possibility of a multiple arrest and the jurisdiction on the merits. Berlingieri provides an analysis and insightful commentary, on an article per article and paragraph per paragraph basis, of the 1952 International Convention for the Unification of Certain Rules Relating to the Arrest of Sea-Going Ships and the 1999 International Convention on Arrest of Ships (entering into force September 2011). New to this edition Updating of the information on the interpretation of the 1952 Convention in a number of Contracting States An analysis of the adoption of the rules of the 1999 Conventions in various States of the world, including China, the member States of the Communauté Economique et Monétaire de l'Afrique Centrale (Cameroon, Congo, Gabon, Tchad), the member States of the Comunidad Andina (Bolivia, Columbia, Ecuador and Peru) and Venezuela. This book is a useful reference tool for practitioners, as well as academics and post-graduate students of maritime law.
