

Healing Journal: Beginning Again After the Death of Someone You Love

Shortly after Ted Mentens book, Gentle Closings: How to Say Goodbye to Some You Love, was published, he began to receive letters from his readers. They were all 8-12 pages long. Grief, it seems, isnt easily expressed into simple thoughts. Long time companions, life partners, & family members all have difficulty imagining a continued life journey without their beloved partners. But continue they do, each in their own way. This personal journal is one way you might find comfort in these solo hours. Here are quotes by great writers, artists, & thinkers; proverbs & sayings; & personal expressions that have developed over the years. It is his hope that these words will provide you with quiet inspiration as you express yourself in these pages. Illustrations.
