

A Nightingale Christmas Wish: (Nightingales 5)

As Christmas 1938 approaches, the staff at the Nightingale Hospital have their own wishes for the festive season. Ward sister Frannie Wallace is hoping she won't have to live through another war like the one that claimed her beloved fiancé. But with bomb defences going up all around London, it seems as if her hopes are in vain. Staff Nurse Helen Dawson wants to find happiness again after the death of her husband Charlie. A handsome stranger seems to offer the chance she wants. But is she looking for love in the wrong place? Matron Kathleen Fox struggles to keep up morale amongst her nurses as the hospital faces the threat of evacuation. But while everyone else worries about the future of the Nightingale, it's for her own future that Kathleen truly fears. As the country prepares itself for war, one thing is for sure by the time next Christmas comes, nothing at the Nightingale Hospital will be the same again
