

Trivia Whys, Volume 2

Always amusingly entertaining, often oddly enjoyable, sometimes surprisingly educational, and periodically perfectly enlightening, the 2,000-plus multiple-choice trivia questions in Trivia Whys, Volume 2 can provide a fount of knowledge for your reading pleasure or serve as an excellent supplement to your favorite trivia board game. Each page features questions from six general trivia categories (Entertainment & Food, History & Government, Math & Science, Geography & Nature, Literature & Arts, and Sports & Games), and answers are kept out of view, appearing in the same spot on the same side of the book two pages later.

While most trivia games and books present naked answers without explanation or justification, you will always learn something more here. * You may know what state James Monroe was the last President to hail from, but who really wrote the Monroe Doctrine? * You're pretty sure what musical instrument Miles Davis was the master of, but what instrument did his mother want him to play? * You think you can remember who wrote Old Yeller, but was the dog really yelling? Every answer is accompanied by a related factoid to make you trivia wise!
