

A Beautiful Mind: The Shooting Script (Newmarket Shooting Script)

A Beautiful Mind, the intensely human drama of a true genius, is inspired by events in the life of mathematician John Forbes Nash, Jr. The handsome and highly eccentric Nash made an astonishing discovery early in life and stood on the brink of international acclaim. But his white-hot ascent into the intellectual stratosphere drastically changed course when Nash's intuitive brilliance was undermined by schizophrenia. Facing challenges that have destroyed many others, Nash fought back, with the help of his devoted wife Alicia. After decades of hardship, he triumphed over tragedy, and received the Nobel Prize in 1994. A living legend, Nash continues to pursue his work today. Directed by Ron Howard and produced by Brian Grazer, this Universal and DreamWorks production stars Russell Crowe as John Nash. The screenplay of A Beautiful Mind was written by Akiva Goldsman and based in part on the biography of Sylvia Nasar. The cast also includes Ed Harris, Jennifer Connelly, Paul Bettany, and Judd Hirsch.
