

## A Failure of Honor Among Thieves -- Rafe Velez Mystery 7 (Rafe Velez Mysteries)

A semi-retired Mafia Don tries to reconnect with his estranged daughter -- and deals with dirty business at work. Family comes first, but if you betray the Family... A one hour Short Read. Rafe Velez is a fictional character, based on a real person alive today. One thing you can be sure of: you will never, ever guess who he actually is! As a private investigator, Rafe dealt with decades of crime, divorce, death and depravity and barely broke even. Pushing 50, he had a few extra pounds around the middle, a sprinkling of gray hair and a cynical view of life, relieved only by a deadpan sense of humor. All of that changed one day, thanks to a windfall he didn't expect. Enter the world of the Rafe Velez Mysteries: intrigue, suspense, mystery, crime and a cast of characters taken from real life (and changed just enough to protect their identities at least, until the statute of limitations expires). Enter into the mind of a man whose life is an open book that should be suppressed! Meet his friends, frenemies and frequent locations for his adventures: Detectives Toole and Williams, Robbery/Homicides finest said nobody, never. Harpo, a stray dog that wandered into his life and has a great sense of humor. Jean Smalls, the first woman in a long time who threatens to take his bachelor card. Keith Verdi, electrical contractor, who has other talents and secrets. Momo Argento, the semi-retired Don of a crime family, who keeps a hand in the game. The Greasy Spoon restaurant, a real tribute to truth in advertising. The Shiny Penny, your soon-to-be-favorite dive bar. ...and a motley crew of clients and suspects. Expect surprises: not every client is on the right side of the law and not every suspect is guilty. You won't always know what's going on in the minds of the supporting characters. You will always know exactly what Rafe is thinking unless he's not thinking at all! Discover The Rafe Velez Mysteries. No, really, go ahead! PG
