

Blue Buddha: 2014 Preview

Blue Buddha Press, the publishing company behind *Tower of the Hand: A Flight of Sorrows* and the *It Is Known* series, collects all of its ebook releases into one comprehensive catalogue, including an overview and extensive sample of each title. Even better, a number of future releases are included, providing readers with a sneak peek at the books they'll be devouring from this holiday season until next summer. *A Song of Ice and Fire* fans will be especially thrilled by this e-catalogue. Pick the mind of acclaimed *Game of Thrones* writer/blogger/podcaster Stefan Sasse as he prepares to unleash his very first (American) ebook. Read about the redemption story of Remy Verhoeve, the outcast-turned-accomplished-and-insightful author. And, most excitingly of all, get the very first, full-length sample of *Tower of the Hands* next anthology book, *A Hymn for Spring* eight months early.
