

Abrahams The Forms and Functions of Tort Law, 4th (Concepts and Insights Series)

The perfect accompaniment to any torts casebook, this text covers all the major cases and issues in a standard torts course. The text addresses cases and analyzes their implications, presenting the law of torts within a curricular context and covering the materials that law students are likely to encounter in a variety of courses. This straightforward, readable text addresses both rules and policy, and presents topics in a way that helps students effectively grapple with issues. Since each chapter stands on its own, the book is ideal as a classroom text, as well as for self-directed reading by students.
