

The Garden of Eye Candy

Between the boundaries of fine and popular art and high and low culture, reside Id driven impulses and alter egos as toys, cartoon characters, and iconic images. From the whimsical to adorable, erotic to innocent, to the dark and gothic, they lure us into their lush worlds of fairy tales, dreams and inspiration. The Garden of Eye Candy introduces us to immaculate illustrations that enshroud the viewer's perception and gives flight to the imagination with each adventure and every character presented. The Garden of Eye Candy introduces an international roster of artists - the fore runners of these Surrealist inspired creations - in a luxurious and exquisite box set. With contributions from Cabizbaja, Candybird, Dolly Didit, Jaime Zollars, Kennys Work, Kukulaland, Lisa Petrucci, Amy Sol, Melanie Florian, Mijnschatje, Noferin, Brandt Peter, Danielle Lamberti, Kokomoo, Majeakann, Mark Bodnar, Rmyers Art, Saul Zanolari, Luke Chueh and more.
