

Andre Fu

Andre Fu presents a visual tour of the diverse and emotionally stimulating spaces of Andre Fu and his design studio, AFSO. FUs approach to interior architecture and design is a combination of the rigorous pursuit of new Asian sensitivities and clarity in space planning. Paying critical attention to the details of everyday life, Fu and his studio have applied its vision of design to the fundamental categories of space, proportion, light, and luxurious materials, creating indulgent and inspirational hospitality spaces throughout the world. He has worked with hotels, restaurants, and art galleries among other spaces. Notable projects include the Upper House Hotel in Hong Kong, the Fullerton Bay Hotel at Singapores waterfront, the Opus Suite at The Berkeley, London, and Galerie Perrotin in Hong Kong.
