

Unfinished Business

The legacy continues From the son of Urban Fiction master Donald Goines, the best selling Black author of all time, comes a breakout debut novel that jacks up street lit to new heights of sexy, gritty, mind-blowing brilliance. On a steamy summer night in 1991, five boys from the Bronx run into five girls from Harlem there was plenty of sex and then murder the next night when the boyfriends of the girls catch on. The Bronx boys come back and try to take the lives of everybody involved...but they miss one girl. She took to the south and hid out. Fifteen years later she is discovered in Atlanta by one of the Bronx guys. Instantly, her worst fears upon her, she must decide what to do, should she run or kill them? With searing wit and devastating detail, Patrick Goines takes us deep into the mind of a desperate mother who is no longer the young girl that ran, and the killers that consider her Unfinished Business.
