

# Aphra Behn: An Annotated Bibliography of Primary and Secondary Sources

This annotated bibliography constitutes a thoroughly revised and more easily readable study of Behns publications, of those edited or translated by her, of publications that included her works, and of writings ascribed to her, along with an annotated bibliography of over 1600 works about her from 1671 to 2001, with an unannotated update covering 2002. The augmented primary bibliography describes all known editions and issues of her works to 1702, and adds a catalogue of editions to 2002, including on-line sources. The secondary bibliography adds close to 1000 items published since 1984 to the original 600 of the first edition along with about 175 more from 1671 to 1984, with attention to materials not in English. New appendices include a list of dedicatees, actors, recent productions (with reviews), and provenances. This volume will be invaluable for book dealers, collectors and librarians, as well as students and scholars of Aphra Behn and of Restoration literature.
