

Fire on the Mountain:A Journey Through Time

Recalling past life memories spanning three thousand years and ranging from the steppes of Asia and the temples of ancient Egypt to nineteenth century America, a modern-day woman relives her spiritual journey through time as she nears the end of her present life. These memories, framed by vignettes from her current life and conversations with an angel who has much to say about life, death and love, create a vivid and colorful tapestry as she remembers opportunities offered and decisions made which became turning points in each life.
