

# FM 1-04 (FM 27-100) Legal Support to the Operational Army April 2009

FM 1-04, Legal Support to the Operational Army, replaces FM 27-100, Legal Support to Operations, as the Army's keystone manual for operational legal doctrine. This manual provides authoritative doctrine and practical guidance for commanders, judge advocates, legal administrators, and paralegal Soldiers across the spectrum of conflict. It outlines how the Judge Advocate General's Corps (JAGC) will be organized in accordance with the Army's modular force design. It also discusses the delivery of legal support to the modular force. Traditionally, the JAGC identified its core legal disciplines as military justice, international law, administrative law, civil law, claims, and legal assistance. This manual recognizes the importance of these critical areas; however, it expands and reorganizes the concept of core legal disciplines to help synchronize these concepts with operational experience and Army doctrine. The core legal disciplines are now military justice, international and operational law, administrative and civil law, contract and fiscal law, claims, and legal assistance. This manual does not address the law of armed conflict, The Hague Conventions, or the Geneva Conventions in detail. For a more comprehensive treatment of those areas, refer to FM 27-10, The Law of Land Warfare. This publication applies to the Active Army, the Army National Guard (ARNG)/Army National Guard of the United States (ARNGUS), and the United States Army Reserve (USAR) unless otherwise stated.
