

Ask a Master, Volume 1

You read the Action Principles and agree with the philosophy and you think, OK, now what? This is the reason for Ask a Master. Yes, in theory, you want to improve yourself. Yes, in theory, you want to help others. But, how do these theories translate to the challenges and opportunities presented by daily life? The questions and answers in this book give you an opportunity to consider my advice as related to all of your major goal areas: spiritual, family, physical, career, cultural, community, social, intellectual, investment and your personal goals.
