

Christmas at Quiet Castle

Meredith Vincent, the popular co-host of the number-one talk show, *It's a Great Day*, New York, is at the top of her game and has everything she's ever dreamed of. Her perfect world comes crashing down when her husband is killed in a plane crash, and she discovers that she was under investigation for embezzlement. In the aftermath of the scandal that follows, Meredith loses everything. On the recommendation of her attorney, Meredith has to leave town and lay low. So with little more than the clothes on her back, she catches a bus and heads to the last place she remembered being happy; a Hippy retreat in West Texas called Quiet Castle. In the hills of Texas with the help of a troubled orphan, the spirit of the previous owner, and a lost love, Meredith begins the process of picking up the pieces of her broken life and discovers what true happiness really is.
