

Battlefilm II: More Motion Pictures of the First World War Held in the U.S. National Archives

BATTLEFILM II: More Motion Pictures of the First World War Held in the U.S. National Archives is the companion volume to the first book in The Historic Footage Project, Battlefilm: U.S. Army Signal Corps Motion Pictures of the Great War. BATTLEFILM II identifies and describes just over 1,000 WWI films that are cataloged by the National Archives as produced by non-Signal Corps organizations and agencies, both foreign and domestic. Assuming my addition is correct, between the two volumes, there are 1,490 WWI motion picture titles for investigation by Great War historians, re-enactors, documentarians, motion picture researchers, and enthusiasts.
