

Noah Zarc: Mammoth Trouble

Evolved Publishing presents the first book in the Noah Zarc science fiction series by award-winning author D. Robert Pease, for kids 8-13 years old. Noah lives for piloting spaceships through time, dodging killer robots, and saving Earth's animals from extinction. Life couldn't be better. But the 12-year-old time traveler learns it could be a whole lot worse. His mom is kidnapped and taken to Mars; his dad is stranded in the Ice Age; and Noah is attacked at every turn by a foe bent on destroying Earth... for the second time. If you're looking for an out-of-this-world, action-packed adventure, and love such books as Percy Jackson, Artemis Fowl, and The Search for Wondla, then Noah Zarc: Mammoth Trouble needs to be your next thrill ride.
