

Exit Strategy: A Katerina Carter Fraud Thriller (Katerina Carter Fraud Legal Thriller Series)

Diamonds, Danger, and Disappearance
A Katerina Carter Legal Thriller
Fraud investigator, Katerina Carter just doesn't know when to quit, which lands her in some pretty messy and precarious situations. Now that she's out of work and running out of money, Kat needs to get more clients, or she'll be forced to go crawling back to a cubicle at her previous firm. And to Kat that's a fate worse than debt. So when Liberty Diamond Mines CEO Susan Sullivan hires Kat to find Liberty's missing CFO and a large sum of embezzled money, she's a little too eager to accept the job. Abject poverty is a great motivator for taking hard cases, but her excitement soon turns to terror when two employees of the company are brutally murdered. Kat realizes that this investigation might be more dangerous than she expected. As if things weren't complicated enough, she uncovers a sinister connection between blood diamonds and organized crime. All she has to do now is get proof--and keep from getting killed before she exposes the real criminals. With the help of her friends and an eccentric uncle, Kat had better tread carefully or her first case might end up also being her last. . . Please scroll up and buy a copy today! For fans of James Patterson and John Grisham... A fantastic first in a thriller series by debut author, Colleen Cross... An international tale of diamonds, danger and disappearance, Exit Strategy gripped me from page one and kept me flipping pages long after I wanted to be asleep. Fans of Michael Connelly and John Grisham will love this tightly plotted legal thriller...
