When Citys star Italian footballer is had up for sexual assault by a glamorous model, the media has a field day. The Northern Premiership club secretary thinks theyve been framed and employs Steve Strong to investigate. As a film noir buff with a tenuous connection to the model, Strong is hardly qualified for the job of PI. And as he checks out the behind-the-stadium-scenes, he soon discovers that theres something far more sinister afoot than a sex scandal. But can he avoid a permanent transfer before the whistle blows? Set in a gritty Yorkshire city, Own Goals offers an insiders view of big time soccer, its players and directors, and the seedy side of a modern British city, its clubs, pubs, good-time girls, and shady businessmen.
