

## Napoleon Hills Outwitting the Devil: The Secret to Freedom and Success

In 1938, just after publication of his all-time bestseller *Think and Grow Rich*, Napoleon Hill reveals that he broke the Devils Code, forcing him to confess his secrets. The resulting manuscript, *Outwitting the Devil*, proved so controversial, it was hidden for more than seventy years. Now Sharon Lechter brings us this important audiobook, annotating and editing it for a contemporary audience. Using his legendary ability to get to the root of human potential, Hill digs deep to identify the greatest obstacles we face in reaching our personal goals—including fear, procrastination, anger, and jealousy—as tools orchestrated by the Devil himself. These hidden methods of control can lead us to ruin, and Hill reveals the seven principles of good that will allow us to finally triumph over them and succeed. Fascinating, provocative, and empowering, *Outwitting the Devil* shows how to create your own path to success, harmony, and fulfillment in an age of uncertainty and fear. My simple faith is this: If we are created in Gods image, then we were born to create, and to create is to prosper. [This] previously unpublished Napoleon Hill manuscript. I've read it and recommend it. Rich Karlgaard, Publisher of Forbes magazine
