

The Further Adventures of Ebenezer Scrooge

On a hot summer day some twenty years after he was famously converted to kindness, Ebenezer Scrooge still roams the streets of London, spreading Christmas cheer, much to the annoyance of his creditors, nephew, and his employee Bob Cratchit. However, when Scrooge decides to help his old friend and former partner Jacob Marley, as well as other inhabitants of the city, he will need the assistance of the very people he's annoyed. He'll also have to call on the three ghosts that visited him two decades earlier. By the time they're done, they've convinced everyone to celebrate Christmas all year long by opening their wallets, arms, and hearts to those around them.
