

Clover Doves

Emma thought Eric was her soul mate. The power between them was undeniable—they could sense each others presence and feel each others emotions even when they were miles apart. Yet, from the very beginning, something in the pit of Emmas soul told her they werent meant to be together. A vicious attack at a local park leaves Emma near death and changes her life forever. The emotional turmoil sends both Emma and Eric into a downward spiral that tears their lives apart. At a time when their love is the strongest, they separate for good, with the undying hope that their love will bring them back to each other—but life has different plans. After years of healing and longing for Eric, Emma gives up on their love when she meets Jared, a gorgeous student at her community college. The love she and Jared share blossoms quickly and remains strong until Emmas father confesses to a horrible secret when he suddenly collapses from a heart attack in Emmas arms. Will Emmas past come back to haunt her? Will she learn to confide in Jared while clinging to the memory of Eric? Can a person be lucky enough to find true love twice in a lifetime? And when all is said and done, who will be there for Emma in her greatest time of need? Clover Doves is a must-read, and I will continue to tell my friends and family about it. It gave me so many things to think about and made me rethink some things that I believe -Eric Bohacek, Arizona Paranormal Activity Team
