

Recueil des Cours:Collected Courses of the Hague Academy of International Law (Recueil Des Cours, Collected Courses)

The Academy is an institution for the study and teaching of public and private international law and related subjects. Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law. The courses deal with the theoretical and practical aspects of the subject, including legislation and case law. All courses at the Academy are, in principle, published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law. This volume contains: * Products Liability in Private International Law: a European Perspective by J.J. FAWCETT, Professor at the University of Leicester * Le statut personnel dans le droit international prive des pays africains au sud du Sahara. Conceptions et solutions des conflits de lois. Le poids de la tradition negro-africaine personnaliste par A.K. BOYE, professeur a l'Universite Cheikh Anta Diop, Dakar. To access the abstract texts for this volume please click here
