

## Lost Laughs of 50s and 60s Television: Thirty Sitcoms That Faded Off Screen

Originally broadcast on American television between 1952 and 1969, the 30 situation comedies in this work are seldom seen today and receive only brief and often incomplete and inaccurate mentions in most reference sources. Yet these sitcoms (including *Angel*, *The Governor and J.J.*, *It's a Great Life*, *Im Dickens*, *Hes Fenster* and *Wendy and Me*), and the stories of the talented people who made them, are an integral part of television history. With a complete list of production credits and rare publicity stills, this volume, based on multiple screenings of episodes, corrects other sources and expands our knowledge of television history.
