

Dancing at Angel Abbey

By worldly standards, Kate Cunningham is a success. Driven to achieve by her demanding father, Kate has fought her way into partnership at a prestigious Manhattan law firm. Unfortunately, professional success has come at a terrible personal cost, leaving Kate lonely, sad, and with only her elderly Siamese cat as her constant companion. But one day when an anonymous note summons Kate to her dying father's bedside, everything suddenly changes. As she is launched on a wild journey of personal discovery propelled by portents and fortuitous events orchestrated by the great Archangel Gabriel, Kate leaves behind the world she knew, loses nearly everything she thought was important, and discovers that most of what she knew about herself was a lie. When the deceptions of her past fall away, Kate learns that angels are real, miracles happen, and the truth about her life is more mysterious and magical than anything she could have possibly imagined. *Dancing at Angel Abbey* shares the heartwarming, humorous, and inspiring story of one woman's journey into a mystic realm where Heaven and Earth intertwine, archangels eagerly share their wisdom, and Divine destiny waits.
