

Dead End

A dream was the inspiration that set me upon a quest to discover my ancestry and recall long forgotten events of my past. The discoveries and resurrected memories took me on a cathartic journey from my beginnings to the end of a lifetime of failures, failed relationships and an ultimate string of successes in business, personal relationships and my professional career as an attorney. My pioneering efforts resulted in changes to the archaic rules of practice promulgated by the American Bar Association since 1874 and rigidly enforced by the highest courts in the United States. In retrospect, the failures and bad choices were the stepping stones to achievement and success. If I had my life to live over, I would probably live it the same way again.
