

Dog Gone, Back Soon: A Novel

When Dr. Cyrus Mills returned home after inheriting his estranged fathers veterinary practice, the last thing he wanted was to stay in Eden Falls, Vermont. However, the previously reclusive veterinarian pathologist quickly found that he actually enjoyed treating animals and getting to know the eccentric residents of the tiny provincial town - especially an alluring waitress named Amy. So Cyrus is now determined to make Bedside Manor thrive. Not an easy goal, given that Healthy Paws, the national veterinary chain across town, will stop at nothing to crush its mom-and-pop competitor. To top it off, Cyrus finds himself both the guardian of a very unique orphaned dog and smack in the middle of serious small-town drama.
