

## Doodle Yourself Smart . . . Geometry (Doodle Books)

Do you remember the Pythagorean theorem? How about quadratic equations? If its been years since your last geometry class, these terms may sound like theyre from another language. But theres an easy way to get back up to speed. All you have to do is doodle yourself smart!Doodle Yourself Smart...Geometry is the perfect gift for students of all ages, whether theyre brushing up on key mathematical skills or learning for the first time. This fun and educational book includes more than 100 doodles and problems covering key concepts and ideas. With ample space for your own doodles, the book will help you unleash your creativity while teaching you about angles, triangles, parallel lines, and more. And you dont need to be an expert artist to learn!Scribble your way to smarts! Doodle Yourself Smart...Geometry is the easy, low-key way to unleash your creativity and become a math master!
