

SAT Word Flash 2002

. The words in this book are the must know words for SATs. According to Joan Carris author and SAT/PSAT coach who has been keeping records for fifteen years of the words that stump kids over and over again. She states that some words appear again and again in most SAT prep books and on tests similar to SAs because these particular words are some of our most descriptive, specific adjectives-our most precise, active verbs-our information-packed nouns-yet none is overused or trite. Youll learn more than 360 words that appear regularly on the SAT. Understand how to recognize key word roots. Develop an efficient study system with the Three-day Miracle Plan. And master the techniques and strategies youll need for a great score.
