

Federal Environmental Laws, 2009 ed.

This pamphlet contains major environmental statutes enacted to address the problems of pollutants in the air, water, and land. A comprehensive environmental index to the United States Code Annotated is also provided. Other topics considered include coastal zone management, ocean pollution monitoring and planning, environmental taxes, the national climate program, and nuclear waste policy. The text includes amendments through Pub. L. No. 111-15 of the First Session of the 111th Congress (2009).
