

## The Ethical Banker

On a cold Monday afternoon, Donald Solomon Kenyon (DSK), one of Britain's most prominent bankers is taken off the plane at London City Airport by armed Police. The Crime? He has been accused of raping a hotel maid at the luxurious £5,000 a night Grand Hyde Hotel in Central London. The high profile arrest triggers a lot of media interest and speculation with tabloids going into overdrive. It becomes a tale of a man's fall from grace: From Multi-millionaire banker to a jailbird lining up for sausages and mashed potatoes at Belmarsh, Britain's most notorious prison. Forced to resign, behind bars and with his angry wife leaving him, he finds himself fighting the toughest battle of his life. He has one last ally, a ruthless and controversial lawyer who is probably the only person who could perform a legal miracle and help him walk out of Belmarsh. And as he fights the dark forces surrounding him, he learns the greatest lesson of all: That no matter how rich or powerful you are, it takes only one woman to bring you down.
