

So You Want to Become an FBI Special Agent? You should be commended - being an FBI Special Agent is among the most prestigious professions in the world. Former FBI Counterterrorism Special Agent Jon Tasch wants to help you turn your dream into a reality. In *Becoming a G-Man: How I Prepared Myself for the FBI Special Agent Selection System*, Jon shows you exactly what he did to prepare for every phase of the FBI Special Agent hiring process. Much like you, Jon faced trepidation as he began the journey of what is known as the FBI Special Agent Selection System. Historically, in a given year, upwards of 50,000 applicants will apply to become an FBI Agent, with less than 1,000 being ultimately accepted. Some quick math says that's about a 2% acceptance rate. Are you going to be part of that 2%? Jon Tasch believes that the common denominator of success in life is preparation. How you prepare yourself for the series of FBI Special Agent testing evaluations, in his opinion, will determine your success. Jon wrote this book to level the playing field. He gives you an insiders perspective on how he tackled each phase of the FBI Special Agent Selection System, and what he did to set himself up for success. Please be aware that he does not reveal anything about what occurred in any of the testing scenarios. The FBI has strict rules about disclosing information of this nature. You can buy this guide with confidence, though. The FBI reviewed Jons work and deemed it not to reveal anything that would compromise the integrity of the testing system. So, are you going to take action and empower yourself to become more prepared?
