

Fiske Nailing the New SAT

Other than how to get into college, the question students and parents are most likely to ask is how to prepare for the all-important SAT test. Fiske Nailing the New SAT will help students and parents plot their strategy not only for how to take the test, but also for how to prepare for taking the test. Based on extensive surveys and the real experiences of students, parents and college counseling professionals, this book gives the lowdown on how to prepare.- Evaluating the preparation options: books, software, online courses, one-on-one tutoring, classroom prep courses, etc. - What kind of student you are, and which approaches tend to work best for your ability, style, attitude, etc.- Keys to SAT success- The new SAT-how the test changed (and is changing) and why- Chapters on the verbal, math and writing sections
