

Following Disasters

On her twenty-first birthday, Maggie Owen receives an unusual birthday gift: a house. That same day, the house's owner, her aunt, dies. For three years, Maggie has been fleeing her childhood demons: the deaths of her parents, estrangement from her terminally-ill aunt, and a betrayal by her best friend. But now her career on the road, following natural disasters in temporary insurance claims offices, ends abruptly as Maggie returns home to face her past. But why does the house hold a mysterious spell over her? Why does she have the persistent feeling that her aunt is haunting her? Why did her aunt lie to her about the circumstances of her parents' deaths? Who is the ghost child that may be hanging around the house? And what's with the guy next door who seems so hostile toward her? FOLLOWING DISASTERS is tightly woven ghost story that raises questions about legacies and their influence on our choices.
