

Winning Against Foreclosure

Thousands of homes are lost daily in foreclosure because borrowers and their attorneys do not have a plan to win.

Borrowers, attorneys fighting foreclosure, and others that did not do their homework, research and investigation, or hire experts to do this for them are losing the fight against foreclosure. Even in the face of losing, you hear attorneys saying they "get it", when they simply don't understand.

This book lays it out for you in black and white. It is about understanding. Understanding:

- How we ended up in this mess
- What we are up against
- How the system works
- What weapons are at our disposal
- How to use these weapons to effect a good long term solution
- How to win
