

The History of Lions: By creative-creations-presents.com educational coloring activity books for adults and children. (Volume 1)

The History of Lions explores the prehistoric lions existence and evolution to the modern day lion, as well a look at the lions family life and the prey they hunted. It also stimulates creativity in the user through coloring and activities such as free style drawing, too. As an educational book it facilitates teaching and learning between grand-parents, parents, family members as well as caregivers and the child. As an educational coloring book it was designed to not only encourage artistic growth but to expand the mind of the young and old alike. If you are an animal lover you will truly enjoy this book as well as look forward to more books coming in the near future
