This is NOT a Coloring Book Mini Book Edition features Penny Little's cartoon character Little Savage light heartedly poking fun at her savage self, the creative process, while lampooning the world of art. This is an arty comic book for the smart ass child in you, your struggling inner artist. Rated PG-28, this version includes excerpts and highlights from the complete three part set which is described as: a Savage expose on art, life and creativity. This is NOT a Coloring Book is Penny Little's cartoon journal -- the first Little Savage book in her series of NOT books. The journaling began while she was signed to Warner Brothers as a singer-songwriter and decided to draw her life in pictures instead of words. It is NOT a graphic novel. The book is a series of reflections and vignettes on art and life, with some practical suggestions thrown in to inspire your creative process. Whether you're an artist, a CEO, a teacher, a student, an activist, a cubicle dweller, retired, a mother, rich, poor, a doctor, lawyer, a redneck philosopher, civilian or in government -- whatever your station in life, your work, your religion, your age -- you are creative, smart, and probably pondering the bigger questions in life, like Who shall I be today? Why is this planet so absurd? What's wrong with this frame? What dream?! The Little Savage says she cannot promise you'll be able to break through your blocks, leap off your ledges, lose 15 pounds in the first week as you watch your income magically increase -- or that your muse will not file for divorce. But apparently she has spent a lot of time trying to figure that out. And, everything in this book is true. It really happened.
