

Greens Scottish Education Manual

A legal guide specifically researched, designed and written for head teachers in Scotland. The manual goes beyond explaining legislation by providing practical guidance about how to apply legal regulations within the workplace. Offering a single expert source of reference, the Scottish Education Manual guides the reader easily through reams of information covering this complex subject with easy to use indexing. Procedures are explained in clear practical terms, supported by comprehensive checklists and points for consideration. Updated regularly to incorporate the latest legal changes in legislation and practice, this is the ideal source for reference and guidance. The manual is published in a looseleaf with accompanying CD-ROM, providing access to clear and detailed service information.
