

The Enterprise

The year is 2008. A new financial fraud is underway. As usual, some people will make fortune, but if the scheme is successful, well, then everybody will be evicted. John Dexter is a ruthless businessman who has devoted his life to making money while neglecting his family for his business. Wealthy but tired, he wants to settle down with Lisa and enjoy the rest of his life by her side. However, Tosh Yiashima, the CEO of Yiashima Corp., convinces John to join his enterprise. It never crosses Johns mind that his expertise will be used to eliminate the human race from the face of the Earth. The Yiashima Corp. works tirelessly to carry out their plan, but the company faces a few enemies along the way: a mysterious website that exposes them as a fraud, a rookie in the department of defense who discovers their secret, and a former FBI agent who drives Yiashima Corp. to hunt down fake threats in order to earn his living. But the biggest threat Yiashima faces is Jonas, the poor boy from the slums who stumbles upon a secret that can destroy the four-trillion-dollar corporation.
