

## Unge Lau (Danish Edition)

Dette er 1. del af historien om filmmanden Lau Lauritzen juniors utrolige karriere i dansk film, der strakte sig fra 1929 til 1969. Det er samtidig historien om det filmselskab, som han var med til at skabe - ASA Film. Et v?sentligt - men overset - kapitel i den danske filmhistorie. Lau Lauritzen jun. var filmmand i ordets egentlige forstand. Han stod i mesterl?re hos sin far, den kendte stumfilmsinstruktør Lau Lauritzen senior, og l?rte hos ham filmhandv?rket fra grunden. Da han g?r sin entre i dansk film, er det som gag-man, fotograf og manuskriptforfatter til nogle af sin fars popul?re Fy og Bi-film. Efterfølgende var han med til at gennemfore overgangen fra stum- til talefilm hos A/S Palladium Film, inden han debuterede som spillefilmsinstruktør i en alder af bare 24 ar, og sidelobende stod for et pionerarbejde inden for dansk reklamefilm. Selvom Lau Lauritzen jun. aldrig havde st?et p? en teaterscene, medvirkede han i en r?kke film som skuespiller, og blev i 1930erne en af landets mest popul?re filmhelte. I de tidlige ar hos Palladium Film og efter etableringen af ASA Film, var Lau Lauritzen jun. med til at skabe den folkelige tradition inden for dansk underholdningsfilm, og medvirkede sidelobende til en bølge af mere alvorlige film under bes?ttelsen, hvor ASA lagde sig i spidsen af den danske filmproduktion. Bes?ttelsen var samtidig en tid, hvor ASA bev?gede sig ud i en farlig balancegang mellem samarbejdspolitik og modstandskamp. I sit virke indenfor dansk film samarbejdede Lau Lauritzen jun. med personligheder som Alice OFredericks, Ib Schonberg, Poul Reichhardt, Bodil Ipsen og Lisbeth Movin, som han giftede sig med. Samt filmproducenterne Svend Nielsen, John Olsen, Henning Karmark og Aage Stentoft. Bogen indeholder ogs? en omfattende filmografi og detaljerede gennemgange af film som Barken
