

Gypsy Spirit

Gypsy Spirit Tango of Death, Book 1 Few people realize that being Gypsy in 1943 Poland was as dangerous and frightening as being a Jew. It is guessed that between five hundred thousand to one million Gypsies perished during the Holocaust, the Porraimos (the devouring) as the Gypsies called it. Gypsy Spirit is the story of fifteen year-old Zilka Sucuri, a Gypsy girl who is thrust into the horrors of the Holocaust. Her life of traveling from town to town, singing and dancing the Gypsy way comes to an unconscionable stop when a SS death squad shoot every man, woman, and child in her kumpania. If she had not literally been up a tree, she would have been among those lying dead in a mass grave. Her lungo drom (the long road) takes her across Poland, Austria, and Germany in a driving struggle to help an American pilot return safely to his unit so he can return to bomb the many concentration, work, and death camps all across Poland and Germany. Her efforts reveal the truths of Belzec, the challenges of the partisans, and the burning desire to survive to be a living witness of what truly happened to the non-Aryans of Hitlers Germany. Gypsy Spirit is a story of the driving spirit of a Gypsy girl, who took it upon herself to document the truth. Her strength and determination brings to light a story of magnanimity and the fears and atrocities such a Gypsy girl might have lived through. Gypsy Spirit completely captivated me as I learned from its historical background. This is Rita Karnopps best novel yet. This is a well researched, well written story representing how life may have been for a young gypsy girl in this war torn area during World War II. This book compells the reader to not put it down but read to the end. ~ 5 Stars, Camille S., Amazon Reader and Verified Purchase
