

## The Man with the Iron Heart

In the real world, Reinhard Heydrich, the number-two man in the SS and an architect of the Holocaust, was assassinated in Czechoslovakia in May 1942. Eulogized by Hitler himself as The Man with the Iron Heart, Heydrich - also known as The Butcher and The Hangman - was one of the most ruthless and calculating of the Nazi elite. In The Man with the Iron Heart, Heydrich survives that fated assassination attempt, only to hatch an insurgency as insidious as anything conceived by Osama bin Laden, designed to keep the German battlefield alive long after the supposed end to hostilities. The Allies thought the war was over, but their problems are just beginning. The Man with the Iron Heart is the gripping story of the hunt for Reinhard Heydrich and of the effort to suppress urban guerrilla warfare 60 years before we really run into it in Iraq. Powerful and compelling, Turtledove has never been better.
