

Medico-Legal Issues in Infectious Diseases: Guide For Physicians (Emerging Infectious Diseases of the 21st Century)

The aim of this book is not to encourage defensive medical practice, but to help provide better, optimum care to patients and to be forth right and honest to our dear customers about our inevitable mistakes. This book will focus on clinical issues facing physicians in different settings (which can lead to malpractice), and the best approach to use to avoid litigations, and practice good medicine.
