# Information Security Policies Made Easy Version 8

Information Security Policies Made Easy version 8, book and companion CD-ROM, is the definitive resource tool for information security policies. Version 8 now includes an updated collection of 1100+ security policies and templates covering virtually every aspect of corporate security. Used by over 70% of the Fortune 100, Information Security Policies Made Easy is written by security policy expert and consultant Charles Cresson Wood, CISA, CISSP, who has over 20 years writing and implementing security policies worldwide. Information Security Policies Made Easy is literally an all-in-one security policy resource with templates, advice and instructions to help you generate practical, clear, and compelling information security policies for your organization-whether your organization is large or small. These tools will save hours of time and thousands of dollars developing information security policies.
