

Jewish Theology: Systematically and Historically Considered

The Library of Alexandria is an independent small business publishing house. We specialize in bringing back to live rare, historical and ancient books. This includes manuscripts such as: classical fiction, philosophy, science, religion, folklore, mythology, history, literature, politics and sacred texts, in addition to secret and esoteric subjects, such as: occult, freemasonry, alchemy, hermetic, shamanism and ancient knowledge. Our books are available in digital format. We have approximately 50 thousand titles in 40 different languages and we work hard every single day in order to convert more titles to digital format and make them available for our readers. Currently, we have 2000 titles available for purchase in 35 Countries in addition to the United States, Canada, Australia and New Zealand. Our titles contain an interactive table of contents for ease of navigation of the book. We sincerely hope you enjoy these treasures in the form of digital books.
