

Practice and Procedure in the Superior Courts: Second Edition

This hugely popular title from one of Ireland's leading legal writers is now completely re-written and fully updated. Anybody dealing with the High Court or Supreme Court of Ireland will benefit from this clearly presented legal aid. Featuring a fully consolidated and updated text of the rules of court, this second edition incorporates over 60 amending statutory instruments promulgated since 1997. This includes new rules relating to discovery, service outside the jurisdiction, personal injuries actions, the commercial list, and proceeds of crime legislation. Each rule is accompanied by a fully updated commentary, referring to reported and unreported decisions of the courts, practice directions, and Irish legislative references.
